PREFACE

PREFACE

"The Elderly in Northern Ontario: A Handbook of Useful Statistics" is designed primarily to assist staff of the Ministry of Northern Affairs. Other people in other Ministries and agencies may find it useful also. We hope they will. No claim is made, however, for the Handbook as the final or complete authority on its subject. The Handbook is designed to be a useful tool, nothing more.

The reason the Handbook was thought to be necessary is that the Ministry of Northern Affairs has had no single reliable source of data on the elderly population and the availability of services to the elderly in Northern Ontario. Data has been available, but it has had to be culled from a wide variety of sources across the Government. What has been needed is a ready reference for the Ministry's own use.

The Handbook, it is hoped, will supply that need. The information it contains has been obtained from the data banks of a number of Ministries. It is brought here together in an organized way for the first time.

Special thanks to the many staff of other Ministries who co-cperated in providing the information compiled in the Handbook. Mr. Robert Horne of the University of Waterloo's Co-operative Studies Program has been a tireless seeker of accurate information. His diligence and thoroughness, for which we thank him, are reflected throughout the Handbook.

TERMS

* NOTE: We are informed that the Ministry of Health has no strict definition of either acute or chronic home care. The following criteria are used by the Ministry of Health to distinguish between the two kinds of care.

Acute Home Care: Criteria for Eligibility

1. The patient is insured under the Ontario Health Insurance Plan.

2. The patient is under the medical supervision of an attending physician.

3. The patient's medical condition is such that he can be treated adequately at home with the services available through the Home Care Programme.

4. The patient's needs cannot be met on an out-patient basis.

5. The patient is in need of at least one of the professional services such as nursing, physiotherapy, occupational therapy, and speech therapy. (Home-making service does not qualify in the category of a professional service).

Acute Home Care: Criteria for Eligibility (cont'd)

6. The home is suitable to enable the required care to be given.

7. The patient's family is willing and able to participate in the programme where and when required.

8. The patient resides in the area designated as being covered by the Home Care Programme.

9. The patient's professional treatment is reasonably expected to result in patient progress toward established goals for rehabilitation. When progress is no longer apparent, the patient is transferred to an alternate and appropriate mode of care.

Chronic Home Care: Criteria for Eligibility

1. The patient is insured under the Ontario Health Insurance Plan.

2. The patient is under the medical supervision of an attending physician.

3. The patient's medical condition is such that he can be treated adequately at home with the services available through the Home Care Program.

4. The patient's needs cannot be met on an out-patient basis.

5. The patient is in need of at least three visits per month of the professional services such as nursing, physiotherapy, occupational therapy, speech therapy and social work. (Homemaking service does not qualify in the category of a professional service).

6. The home is suitable to enable the required care to be given.

7. The patient's family and/or other appropriate persons are willing and able to participate in the program where and when required.

8. The patient resides in the area designated as being covered by the Home Care Program.

9. The patient's professional treatment is reasonably expected to result in:

   (a) patient progress toward established goals in rehabilitation, or

   (b) delay or prevention of deterioration in the patient's medical condition, or

   (c) delay or prevention of transfer to a higher (institutional) mode of care.

DEFINITIONS

MHS - A Municipal Housing Statement is a background study analysing housing market conditions within a municipality. It is carried out by either a consultant with funds from the Ministry of Municipal Affairs and Housing or directly by the Ministry of Municipal Affairs and Housing, usually when municipal population is under 10,000. The Municipal Housing Statement indicates the general community housing targets and must be approved before the Municipality can assemble land for development.

AHS - The Assisted Housing Survey is a survey to determine the need for rent-geared-to-income and market rent housing among senior citizens and tenant families. Generally, a Municipal Housing Statement contains an Assisted Housing Survey, particularly when the municipality is interested in municipal non-profit housing.

VI. HURON LODGE: A SPECIAL CASE

HURON LODGE: A SPECIAL CASE

Huron Lodge in Elliot Lake, a 47-Bed domiciliary hostel with residential beds only, serves approximately 38 elderly and 8 other persons. Huron Lodge is operated by the Algoma District Family Services Board and is subsidized by the Province of Ontario under the General Welfare Act. The per diem is 28 dollars. The difference between what the resident can pay and the per diem is split between the Province (80%) and Algoma District (20%).

Apparently, there are no other domiciliary hostels in Northern Ontario.
